

Arctic Circle Crossing Ceremony

Crossing the magical line of Arctic Circle has been considered a great achievement already decades ago. Nowadays, it's not only possible to cross the line but to make the experience even more memorable with a genuine Arctic Circle Crossing Ceremony. The ceremony takes place in a traditional Kota where the participants sit around the fire, enjoying juice made from Lappish berries. A shaman who also tells stories about Lapland arranges the ceremony. Atmosphere of the ceremony is very cosy and exotic. As a proof, as well as a concrete memory of the Arctic Circle Crossing ceremony, every participant receives the original Arctic Circle Crossing Certificate.
